

EXPERIENCE

technikai, New York, NY

Design consultancy, August 2003 – Current

User experience design, research, and strategy with an emphasis on storytelling and interface.

- USHMM: Concept and design for award-winning augmented reality app for a key photography exhibition, powered by a scalable, custom experience management solution.
- Mark AR: User experience research for augmented reality social network. Also developed pandemic-safe methodologies for user observation and usability studies.
- Sunny Savage: Designed app promoting invasive plant species as untapped resources, streamlined several web properties into a more effective, holistic online brand website.

Parsons, The New School for Design, New York, NY

Part-time Assistant Professor, August 2016 – Present

Teaching core studio courses and history of technology at the Design and Technology MFA program. Topics include design process, research methods, user testing, and prototyping skills.

The Barbarian Group, New York, NY

Interaction Design Director, January 2014 – September 2017

User experience lead for Samsung account. Managed a team of interaction designers. Played a key role in growing the business from website marketing and maintenance to large-scale product design projects. Partnered with Google ATAP on user research for wearable technology.

IconNicholson, New York, NY

Associate Creative Director, September 2008 – August 2009

Led user experience team in development of creative vision for redesign of the National Gallery of Art's website. Designed customer engagement app for Glenfiddich.
